My maternal DNA is Haplogroup A [Native American]. See Family Tree DNA Kit No: 81329.

"Haplogroup A is found in eastern Eurasia and throughout the Americas. This haplogroup was present in the populations that initially colonized the pre-Columbian Americas, and dates to at least 30,000 years ago. Future work will resolve the issue of how many distinct colonization events there were in the original peopling of the Americas, and the origin and role of individuals bearing haplogroup A." (Family Tree DNA)

1st Generation: Maria Lourden QUINTANA

- Birth Certificate: Llano de San Juan, 23 Oct 1930, Maria Lourden Quintana, d/ Manuel Quintana & **Lupe Martinez**
